Did You Know?

HPA might have been in existence before then but we officially became incorporated into a non-profit Society in 1979. That was 47 years ago!
The world has changed in many ways and there have been ups and downs but we are still here and going strong, expanding our class offerings and growing our membership. Thank you to everyone who helped build HPA to what it is today and to all those who continue to help us grow for tomorrow.
